DO YOU HAVE ANY OLD  
 GLASSES ?  
 URENUI LIONS COLLECTING  
 THESE  
 LEAVE AT THE COMMUNITY  
 HOUSE.

Congratulations to Steve Arms on completing the trans-Tasman solo yacht race.

Also to Harvey Watts for his organisation of this bi annual race. This is a very time consuming effort which this year was more than ever, reliant on the weather with the start being delayed.

Clifton Rowing Club members continue to excel. Recently Ella Toa had a successful regatta competing for the North Island under-18 team. She competed in the quad and double sculls teams which won every race they competed in.

Congratulations to the 2 families who moved into their new homes built by Habit for Humanity. They had to provide the labour and worked tirelessly on their new homes. May they enjoy this new stage of their lives.

Another closure in Waitara—Joe we are sorry to see you make the decision to close your cycle shop.

Yes, we do need regulations but they need to be tempered with common sense.

Bradley Clarke from Waitara has been selected for the New Plymouth District Council's new youth working party.

He will be a voice for the youth of the district.

Did you realise that is 25 years ago, the closure of Waitara's maternity hospital?

Trust everyone has been reading Graeme Duckett's , Stories from the Past, in the Daily News. The article on Saturday 10th was on Monty. Great reading.

Have the vandals who destroyed the bus windows been found? This is not a good look for the community. We need to speak up when this happens.

Did you know that the local freezing works has a new name? Anzco Foods? This brings it into line with the works at Eltham. Anzco is New Zealand's fifth largest exporter and turns 30 this year.

Congratulations to Allania Parker, former Waitara High School student for once again being recognised as the best Maori social work student at University of Auckland for the second year. This year Allania transferred into the honours class.

# Massive Book & Toy Sale

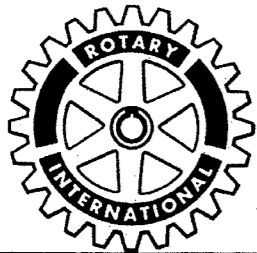

At the old Post Office in Waitara

Corner of McLean and Domett streets.

## Bargains Galore

Doors open 9 am Sat 31<sup>st</sup> May, Sun 1<sup>st</sup>, and Mon 2<sup>nd</sup> of June.

Collection donated by Ashley Snowden raising money for ROTARY Emergency Relief Kits to the Pacific Islands.

Are you interested in Community Conversations with the council? The next meeting in Waitara is in the War Memorial Hall on Monday 16th June at 7.00 p.m.

Congratulations to those who attended the recent National Students Against Drunk Driving (SADD) in Napier.

Refreshing to see the good news from the students and their participation in the community in which they live.

In the latest Waitara Alive pages it was refreshing to see the changes in the main street outlined.

Sad to see established businesses going but great to welcome newcomers. Shows a vitality that the community needs.

To Sue and Paul from Bin Inn, congratulations on your accolade on being the top outlet in New Zealand.

# Saturday June 7

"More Than A Cut" 211B Devon St East (757-35-68)  
Door Sales also Enquiries: 0274-498-896

Great news for those who have Vodafone mobiles. Going North will now be easier with the new tower built at Urenui.

This has been a long time coming and should make a difference to those travelling.

"A spokeswoman said the tower would have its own electronic equipment on it, but other companies would be able to put equipment on it as well." (Daily News)

If Telco's are able to use each others towers then we should see lees of these being erected around the countryside.

**School bus signs:** We are delighted to let you know that the results of the 'Either Way its 20K' school bus trial in Ashburton has proved that the active 20K signs on the buses are a great success and NZ Transport Agency will be going ahead with its internal processes to make these an approved sign. While this may take 18 months, it is still a wonderful result, and full credit to our members in Ashburton, led by Maureen Maginness, who have put a huge effort into supporting this trial at a community level

From rural women

From time to time there is an upsurge of persons calling on residential homes seeking donations for various causes.

Official organisations that undertake this activity will generally do the following;

1. They will notify the local Police that they are in the area collecting
2. The persons doing the calling will have some sort of official identification from the organisation they are collecting for

If a collector calls on you;

1. Ask to see, and check the collectors ID card
2. If you have any doubts or you don't want to donate any money, politely send them on their way
3. If you are able to see a car that collector is using, obtain the registration number and advise your local Police if you think they are suspicious.  
From the Police.

### EZEE MEALS

Tired of cooking?

Need a good meal in a hurry?

On your own and can't be bothered?

Fancy a roast meal or something different?

Perhaps braised sausages, corned silverside or fish mornay?

Tried Ezee Meals?

Ezee Meals are from the Wellington City Mission whose Factory is in the grounds of the Kemp Rest Home at Titahi Bay. Our aim in introducing this resource was mainly to supply a reasonably cheap and nourishing meal for the elderly in our area at a reasonable price.

Father Des Brittain, the renowned TV Chef turned Anglican Priest, started the Meals some 25 years ago, operating from the kitchen at the rest home. Today they send meals to Kaitaia in the North to Christchurch in the South Island. A staff of 5 carry out the preparation, cooking, packaging and blast freezing of a wide range of meals and desserts. We find the service, advice and help given by Matt Dagger, the Organizer of Ezee Meals, is first class.

The Meals are delicious, nutritious and very easy to prepare, just 7 minutes in a microwave, or longer in an oven

Ezee Meals can be purchased from St John's Church Hall in Domett Street, Waitara on Tuesday mornings (see our advert), where Peter or Pat are happy to help you with your order.

Ezee Meals are now available in Inglewood (at St Andrew's Church) and Bell Block (at St Luke's Church) thanks to people there willing to volunteer their time.
